A modern house with a large wooden deck, outdoor furniture, and large glass windows. The deck is made of light-colored wood and features a dining table with four chairs and a large ottoman. The house has a dark grey exterior and large glass doors that lead to a living area with a grey sofa. The sky is blue with some clouds.

# DECKING

# STEP INTO LUXURY: OUR HIGH-END DECKING COLLECTION

# ELEGANCE UNDERFOOT THE DECKING YOU DESERVE

## Indoor Wall Panel

MexyTech indoor wall panel is a special product developed for interior decoration. Light-weighting product, elegant appearance and easy installation are 3 main features of this product. Because of the water-proofing and easy cleaning, our indoor wall panel can be used in offices, hotels, houses, but also in natatoriums, bath room and kitchens, etc.

## 3D Embossing Decking

### New Production Technique

Compared to the traditional WPC products, 3D embossing product will have a more natural visual appearance and more realistic wood grain texture. 3D embossing decking doesn't need the extra treatment, it can finish the embossing during the extrusion.

### Long-term Durability

The 3D embossing wood grain is much deeper than normal embossing and it can keep long-lasting texture against abrasion during the applications.

# BEAUTY MEETS DURABILITY

Elevate your outdoor spaces with our decking solutions. Our premium materials combine exquisite aesthetics with robust durability, ensuring your deck remains stunning and resilient through every season. Experience the perfect marriage of style and strength for your outdoor oasis.

Transform your outdoor space with our colorful decking options. With a spectrum of vibrant hues, you can infuse personality and energy into your deck. These durable choices not only look fantastic but also stand up to the toughest weather conditions, ensuring your outdoor area remains as captivating as ever.
